

Aarav Sharma

Electrical Design Engineer

Adani Green Energy | 13 years experience

Ahmedabad, India

Email: aarav.sharma@gmail.com

Experienced professional specializing in Renewable Energy, Grid Infrastructure, Electrical Engineering, Smart Grid Technologies, and Power Systems Optimization.

Core Skills
Power Systems Analysis
PLC Programming
Renewable Energy Systems
Grid Code Compliance
Energy Trading
Energy Audits
Smart Metering
SCADA

Professional Experience

- Led renewable energy integration projects across transmission networks.
- Implemented SCADA and IEC 61850 based substation automation systems.
- Performed energy audits and improved grid efficiency using predictive analytics.
- Worked on solar and wind energy projects with smart grid integration.

Education: B.Tech/M.Tech in Electrical Engineering

Certifications: Renewable Energy Systems, Smart Grid Technologies, Python for Data Science
