

Aditya Nair

Substation Automation Engineer

Hitachi Energy | 13 years experience

Ahmedabad, India

Email: aditya.nair@gmail.com

Experienced professional specializing in Renewable Energy, Grid Infrastructure, Electrical Engineering, Smart Grid Technologies, and Power Systems Optimization.

Core Skills
Transformer Engineering
Load Flow Analysis
SCADA
Solar PV Design
PLC Programming
Grid Code Compliance
Predictive Maintenance
MATLAB/Simulink

Professional Experience

- Led renewable energy integration projects across transmission networks.
- Implemented SCADA and IEC 61850 based substation automation systems.
- Performed energy audits and improved grid efficiency using predictive analytics.
- Worked on solar and wind energy projects with smart grid integration.

Education: B.Tech/M.Tech in Electrical Engineering

Certifications: Renewable Energy Systems, Smart Grid Technologies, Python for Data Science
