

Arjun Reddy

Power Systems Engineer

Sterlite Power | 7 years experience
Ahmedabad, India
Email: arjun.reddy@gmail.com

Experienced professional specializing in Renewable Energy, Grid Infrastructure, Electrical Engineering, Smart Grid Technologies, and Power Systems Optimization.

Core Skills
Solar PV Design
Energy Trading
MATLAB/Simulink
Load Flow Analysis
Power Systems Analysis
IEC 61850
Electrical Protection Systems
Wind Energy Integration

Professional Experience

- Led renewable energy integration projects across transmission networks.
- Implemented SCADA and IEC 61850 based substation automation systems.
- Performed energy audits and improved grid efficiency using predictive analytics.
- Worked on solar and wind energy projects with smart grid integration.

Education: B.Tech/M.Tech in Electrical Engineering

Certifications: Renewable Energy Systems, Smart Grid Technologies, Python for Data Science
