

Dev Arora

Renewable Energy Analyst

Tata Power | 5 years experience

Ahmedabad, India

Email: dev.arora@gmail.com

Experienced professional specializing in Renewable Energy, Grid Infrastructure, Electrical Engineering, Smart Grid Technologies, and Power Systems Optimization.

Core Skills
Predictive Maintenance
Transformer Engineering
PLC Programming
Wind Energy Integration
MATLAB/Simulink
Grid Modernization
Smart Metering
Solar PV Design

Professional Experience

- Led renewable energy integration projects across transmission networks.
- Implemented SCADA and IEC 61850 based substation automation systems.
- Performed energy audits and improved grid efficiency using predictive analytics.
- Worked on solar and wind energy projects with smart grid integration.

Education: B.Tech/M.Tech in Electrical Engineering

Certifications: Renewable Energy Systems, Smart Grid Technologies, Python for Data Science
