

Kriti Saxena

Substation Automation Engineer

ABB India | 7 years experience
Delhi, India
Email: kriti.saxena@gmail.com

Experienced professional specializing in Renewable Energy, Grid Infrastructure, Electrical Engineering, Smart Grid Technologies, and Power Systems Optimization.

Core Skills
Grid Modernization
Renewable Energy Systems
Solar PV Design
Transformer Engineering
Predictive Maintenance
Power Systems Analysis
ETAP
MATLAB/Simulink

Professional Experience

- Led renewable energy integration projects across transmission networks.
- Implemented SCADA and IEC 61850 based substation automation systems.
- Performed energy audits and improved grid efficiency using predictive analytics.
- Worked on solar and wind energy projects with smart grid integration.

Education: B.Tech/M.Tech in Electrical Engineering

Certifications: Renewable Energy Systems, Smart Grid Technologies, Python for Data Science
