

Kunal Bansal

Electrical Design Engineer

Sterlite Power | 6 years experience

Chennai, India

Email: kunal.bansal@gmail.com

Experienced professional specializing in Renewable Energy, Grid Infrastructure, Electrical Engineering, Smart Grid Technologies, and Power Systems Optimization.

Core Skills
Predictive Maintenance
Energy Trading
Python for Energy Analytics
Transformer Engineering
Energy Audits
Renewable Energy Systems
MATLAB/Simulink
Substation Automation

Professional Experience

- Led renewable energy integration projects across transmission networks.
- Implemented SCADA and IEC 61850 based substation automation systems.
- Performed energy audits and improved grid efficiency using predictive analytics.
- Worked on solar and wind energy projects with smart grid integration.

Education: B.Tech/M.Tech in Electrical Engineering

Certifications: Renewable Energy Systems, Smart Grid Technologies, Python for Data Science
