

Neha Verma

Electrical Project Manager

Siemens Energy | 11 years experience
Chennai, India
Email: neha.verma@gmail.com

Experienced professional specializing in Renewable Energy, Grid Infrastructure, Electrical Engineering, Smart Grid Technologies, and Power Systems Optimization.

Core Skills
Python for Energy Analytics
SCADA
Energy Audits
Energy Trading
Solar PV Design
ETAP
Smart Metering
Grid Code Compliance

Professional Experience

- Led renewable energy integration projects across transmission networks.
- Implemented SCADA and IEC 61850 based substation automation systems.
- Performed energy audits and improved grid efficiency using predictive analytics.
- Worked on solar and wind energy projects with smart grid integration.

Education: B.Tech/M.Tech in Electrical Engineering

Certifications: Renewable Energy Systems, Smart Grid Technologies, Python for Data Science
