

Rahul Kapoor

Renewable Energy Analyst

Siemens Energy | 11 years experience
Mumbai, India
Email: rahul.kapoor@gmail.com

Experienced professional specializing in Renewable Energy, Grid Infrastructure, Electrical Engineering, Smart Grid Technologies, and Power Systems Optimization.

Core Skills
Wind Energy Integration
Electrical Protection Systems
Python for Energy Analytics
PLC Programming
Substation Automation
IEC 61850
Transformer Engineering
ETAP

Professional Experience

- Led renewable energy integration projects across transmission networks.
- Implemented SCADA and IEC 61850 based substation automation systems.
- Performed energy audits and improved grid efficiency using predictive analytics.
- Worked on solar and wind energy projects with smart grid integration.

Education: B.Tech/M.Tech in Electrical Engineering

Certifications: Renewable Energy Systems, Smart Grid Technologies, Python for Data Science
