

Ritika Malhotra

Renewable Energy Analyst

Siemens Energy | 9 years experience

Mumbai, India

Email: ritika.malhotra@gmail.com

Experienced professional specializing in Renewable Energy, Grid Infrastructure, Electrical Engineering, Smart Grid Technologies, and Power Systems Optimization.

Core Skills
Power Systems Analysis
MATLAB/Simulink
Solar PV Design
Predictive Maintenance
ETAP
Energy Audits
Wind Energy Integration
Transformer Engineering

Professional Experience

- Led renewable energy integration projects across transmission networks.
- Implemented SCADA and IEC 61850 based substation automation systems.
- Performed energy audits and improved grid efficiency using predictive analytics.
- Worked on solar and wind energy projects with smart grid integration.

Education: B.Tech/M.Tech in Electrical Engineering

Certifications: Renewable Energy Systems, Smart Grid Technologies, Python for Data Science
