

Sneha Iyer

Grid Stability Engineer

Tata Power | 10 years experience
Ahmedabad, India
Email: sneha.iyer@gmail.com

Experienced professional specializing in Renewable Energy, Grid Infrastructure, Electrical Engineering, Smart Grid Technologies, and Power Systems Optimization.

Core Skills
Load Flow Analysis
PLC Programming
Smart Metering
Transformer Engineering
Python for Energy Analytics
Wind Energy Integration
Solar PV Design
Predictive Maintenance

Professional Experience

- Led renewable energy integration projects across transmission networks.
- Implemented SCADA and IEC 61850 based substation automation systems.
- Performed energy audits and improved grid efficiency using predictive analytics.
- Worked on solar and wind energy projects with smart grid integration.

Education: B.Tech/M.Tech in Electrical Engineering

Certifications: Renewable Energy Systems, Smart Grid Technologies, Python for Data Science
