## PROFESSIONAL SUMMARY

Dedicated power sector professional with 11 years of hands-on experience specializing in Switchgear Selection and Transformer Engineering. Passionate about India's energy transition and digital transformation of the power sector.

## CORE COMPETENCIES

|                          |                          |                                      |
|--------------------------|--------------------------|--------------------------------------|
| • HV/LV/MV Systems       | • Switchgear Selection   | • Transformer Engineering            |
| • Busbar Design          | • RTU Programming        | • Protection Relay Coordination      |
| • Short Circuit Analysis | • Load Flow Analysis     | • Permit Management                  |
| • IRR/NPV Analysis       | • Regulatory Compliance  | • Project Management (PMP Certified) |
| • Procurement Management | • Asset Management       | • Feasibility Study                  |
| • Edge Computing         | • Predictive Maintenance |                                      |

## PROFESSIONAL EXPERIENCE

**Chief EPC Engineer** 2019 – Present  
**Sterling & Wilson**

- Power Quality Improvement — Harmonic filter design and installation at Delhi reducing THD from 12% to 3.5%
- 100 MW Wind Energy Project — Turbine foundation design, inter-array cabling, substation and SCADA implementation
- Published 11 research papers in IEEE/IET journals

**EPC Engineer** 2014 – 2019  
**PGCIL**

- Enterprise SCADA Upgrade — Migration from legacy to modern SCADA/DCS platform across 17 generation units
- Distribution Network Strengthening — R-APDRP project covering 13 feeders with automated fault detection and restoration
- Established O&M; best practices reducing maintenance cost by 19%

**Asset Manager** 2013 – 2014  
**L&T; Power**

- ESG Baseline Assessment — Carbon footprint quantification and net zero roadmap for 13 MW generation portfolio
- 132kV Transmission Line (19 km) — Tower design, foundation engineering, stringing and commissioning for interstate grid connectivity
- Substation Automation — IEC 61850 based protection and control implementation at 6 EHV substations
- Received Best Engineer Award at Inox Wind in FY 2023

## EDUCATION

**MBA (Energy Management)** 2012  
Delhi Technological University

## CERTIFICATIONS & TRAINING

- ✓ ABB Certified Commissioning Engineer
- ✓ Siemens S7 PLC Certification

✓ Wind Energy Practitioner Certificate (NIWE)
